To Whom It May Concern:

We hereby certify that we have examined the following listed and described article(s):

ITEM# 639911

Lady's, platinum and diamond solitaire ring. Set in the center of the ring is one round brilliant cut diamond weighing 0.70cts or greater. The diamond clarity is VS-2 or better. The diamond color is I or better.

It is important to have your jewelry properly insured in case of loss, theft or damage. We recommend having your jewelry checked every six months by a professional jeweler to ensure the integrity of the piece. Normal everyday wear, changing the size of a ring, or altering a piece of jewelry in any way may result in worn metal and loose or lost gemstones.

Colored gemstones are commonly treated to enhance their color.

Costco's diamonds are in compliance with the Kimberley Process. For information, search Diamond FAQs on www.Costco.com.

Estimated Retail \$4,525.00
Replacement Value: _____

The appraised value can be used for insurance purposes.
